

Welding Program

Skilled welders are in high demand and ETI is dedicated to training the very best.

CERTIFICATIONS:

SMAW, GMAW, GTAW and Oxy Fuel Cutting
Additional certifications are also available.

Our Skilled Welding Program uses hands-on learning and job-site simulations to help you master the skills employers are looking for.

Under the watchful eyes of our experienced instructors, you'll use industry-current equipment in our massive learning lab as you learn the basics and more advanced techniques of welding, cutting and brazing.

Graduates test for SMAW, GMAW, GTAW and Oxy Fuel Cutting. Additional certifications are also available.

ETI is designed to help you succeed with:

- Programs that can be completed in as little as seven months
- Day and evening classes to fit your schedule
- Financial aid for those who qualify
- Well-established relationships with employers to match graduates with jobs

Spark a great new career.

Talk to an admissions representative today.

 **eticampus.edu**

Skills that can take you anywhere.

From manufacturing to construction, aerospace to shipping, skilled welders can find work almost anywhere. As an ETI graduate, you will be confident in your skills and ready to hit the ground running on your first day.

You'll learn things like:

- Different processes and tools for welding, cutting and joining
- Industrial safety and OSHA regulations
- Reading blueprints and schematics
- The properties of different types of metal

new jobs by 2033

HANDS-ON TRAINING

Gain practical experience with industry-current tools and start your career with confidence.

RETURNSHIPS

We have well-established relationships with local employers that can help our graduates start their careers.

AFFORDABLE TUITION

We believe a brighter future should be in reach for everyone. Financial Aid is available for those who qualify.

FLEXIBLE COURSE TIMES

Convenient day and evening courses let you train around your other commitments.

Your future is in your hands.

“What drove me to ETI was the lab size. The labs are huge and unlike a lot of places you could go to that don't have the resources that ETI does. The teachers really do care about me and my future. That is what ETI is about. It's your future to go after and achieve.
